

Integrated Behavioral Health; A Brief Intervention

1. Evaluation and referral from your KVH Primary Care Provider (PCP) for this in-house service.
 - PCP will determine eligibility and make referral.
 - Behavioral Health Case Manager coordinates with Psychiatric consultant and PCP within clinic to provide care.
2. Brief Intervention, 3-6 month support easily accessed through your PCP referral. Common conditions for Integrated Behavioral Health are anxiety and depression.
3. Integrated Behavioral Health available to and for KVH patients.

Why choose Integrated Behavioral Health?

- Help you feel supported.
- Ease at which you can access the help you need.
 - Collaboration with the full care team.

A team approach to your care!
